

SECURITY & INCIDENTS

LITTER PICKING 4/06/14

The Burra team spent a day litter picking in Tsavo East as a lot of rubbish had blown in from the surrounding towns.

LIVESTOCK INTRUSION 5/06/14

Domestic livestock had crossed the Park boundary near Maungu. The team pushed the animals back out and reprimanded the herders.

BIRD RESCUE 5/06/14

The team found a secretary bird with a broken leg. The bird was passed to vet Dr Poghon for treatment but sadly died from its injury.

SNARES LIFTED
6/06/14

Snares were found and confiscated by the team during their routine patrols

BUSHMEAT POACHING
6/06/14

A pool of blood was found in the Bachuma area by the team who suspected it was a bushmeat laming incident

ELEPHANT CARCASS
7/06/14

An elephant carcass was found which had been poached and ivory removed within the Dakota area.

ELEPHANT CARCASS
8/06/14

Another elephant carcass was found in the Satao area, again poached with ivory removed.

SNARES LIFTED
8/06/14

Further snares were lifted from the Satao area by the team including long cable snares for bigger game

ELEPHANT CARCASS
14/06/14

A fresh elephant carcass was found within the Satao area, another poaching victim, yet the team were able to recover the ivory

GIRAFFE SNARES
20/06/14

The team found a number of high cable snares specifically set to trap Giraffe in the Ndi area; the snares were removed
