Monthly Summary

NYATI TEAM REPORT FOR MAY 13

Findings

Nyati team started its patrols on 6th of the month and first patrolled Kalovoto and Mathae areas but no major illegal activities found. Tundani and Chamanyanze areas were also patrolled and a poached elephant carcass was found with its tusks missing. The team suspected that the animal had been poached some few months ago.

The team destroyed some few shooting blinds at Tundani and Umauma areas. The team then relocated to Tharakana area where patrols were done towards river Athi to Gazi area and several poachers and charcoal burners were arrested. The team also visited Umbi area for three days and managed to arrest two loggers.

The team will visit all areas noted as poaching hotspot next month to monitor the situation on the ground.
