

PLEDGE TO PROTECT

I'VE PLEDGED
....WILL YOU?

Take the Pledge to Protect Elephants by promising to never buy ivory.

Elephants have roamed in the wild for 15 million years, but today this iconic species face the biggest threat to survival due to continued ivory poaching. As long as there is a demand for ivory, elephants continue to be killed for their tusks. Today it is estimated up to 25,000 elephants are killed every year. That's one life lost every 25 minutes.

You can make a difference by promising to protect elephants by pledging to never buy ivory and by encouraging others to take the pledge too!

Take the Pledge to Protect Elephants

I agree that only an elephant needs its ivory tusks!

I pledge to never buy ivory, items made from ivory or that contain ivory.

I pledge to spread the word by sharing this pledge with friends and family and encouraging them to do the same.
