Snare Type	Snare Size	Snare Description	No. Confiscated
Thin Wire	Small	Line	1
Thin Wire	Small	Cluster	9

Total Snares Collected: 10

Mtito/Chui Team

De-Snaring Report for February, 2013

Monthly Summary

CHUI TEAM DESNARING REPORT FOR FEBRUARY 2013

Report summary

Snares lifted: 2Big cable snares and 2small wire snares

The team resumed its operations on 17th February 2013 after an off break of 15days, where it concentrated much of its patrols in triangle a known poaching hot spot. The team thoroughly searched the area and found several illegal human activities like poaching where the team found fresh human footprints. These footprints were followed with the help of a tracking dog; unfortunately, the poachers sensed our presence and escaped. The team managed to confiscate three bicycles which were left behind by escaping loggers and destroyed several charcoal kilns. One man was found collecting firewood, he was arrested and booked in a police station.
