### **De-Snaring Report for June, 2012**

#### **Monthly Summary**

During the month of June the team was actively engaged with the community work. It organized three field trips in to Tsavo East National Park, Mutulu and Kasaala primary schools. The team also donated sports equipments to Tsavo primary which were greatly appreciated. Several other schools also benefited from the video show during which the pupils learned a lot on conservation issues. The team was also actively involved in supplying the road teams with water and food supplies although the work on the road has come to an end.

Report by: John Karani, Mito Team Leader
