De-Snaring Report for January, 2013

Monthly Summary

January was a very busy month for the team. The patrols mainly covered Kibwezi forest and its adjacent areas of Dwa, Kenze, Kenzili and Aligon areas.

There has been a sharp decline of illegal activities in these areas due to regular patrols conducted by the team members, although the team managed to destroy a charcoal kiln and a pile of wet wood ready for charcoal burning. The team also managed to arrest 7 people in various areas in the forest, after a tip-off from our informers and later booked at Kibwezi police station.

Report compiled by Paul Kamau.
