### De-Snaring Report for August, 2010

#### Snares Collected

Snare Type	Snare Size	Snare Description	No. Confiscated
Medium Wire	Large		1
Cable	Large		5

**Total Snares Collected: 112**

#### Community Work

Target Group	Target Group Name	Activity	Location
School	Nzoila Primary School	Conservation Talk	Nzoila
School	Kambili Primary	Tree planting	Kambili
Community	Kibwezi residents	Conservation Talk	Kibwezi
Community	Matangi-ini Self Help	Conservation Talk	Matangini

#### Monthly Summary

## **Mtito Team**

### **De-Snaring Report for August, 2010**

#### **Monthly Summary**

During the course of the month the team managed to cover a lot of ground within the Triangle. The team managed to remove over 100 snares and thus saved the lives of many wild animals. The Kyusiani and Ngiluni areas were hotspots for illegal activities as a large number of illegal activities were seen in these areas and consequently a large number of arrestees came from these areas.

The team carried out a conservation talk with the Matangiini self help group and visited two primary schools namely Kambili and Nzoila, where a follow-up on the setting up of Wildlife clubs was made in order to kick start the initiative. The team leader passed on the positive message of conservation and urged the people to protect their environment so that they can be able to care for it and achieve sustainability.
