De-Snaring Report for March, 2012

Monthly Summary

The month of March was rather eventless from a Patrol aspect due to the tragic incident Burra Team had endured at the beginning of the month, during which 2 KWS Rangers were killed by armed poachers while on Patrol. As a result all joint operations between DSWT and KWS were put on hold for the month and hence the Team could not cover much ground without the support of KWS. The Team would like to extend heartfelt condolences to the family of those who died and to all the staff at KWS who mourn the loss of their colleagues.

The Team focused much of their efforts on supplying the casuals cutting roads with supplies and keeping their eyes and ears open in case of any illegal activity they can report to KWS for response.

Report written by

Joseph Macharia- Admin Team Leader
