Snare Type	Snare Size	Snare Description	No. Confiscated
Thin Wire	Small	Line	1

<b>Total Snares Collected:</b>	<b>1</b>
--------------------------------	----------

## **Tiva Team**

### **De-Snaring Report for November, 2011**

#### **Monthly Summary**

The team resumed from off duty in October on 1st November 2011, and patrolled Ithumba area where no illegal activities were recorded. The same scenario was evident in most of the areas in Tiva area and Tharakana. This was due to the onset of rain in the area which entices those who poach wildlife to return to their land and grow crops. The team concentrated in patrolling the water points in Umaumaa area, Tundani and Wamata area. In these areas the Team noted a number of shooting platforms and hide-outs which we destroyed. Notably there is a drastic reduction of illegal activities.
