School	Mjorongo Pri School	School Trip	Mjorongo
School	Maktau Pri School	School Trip	Maktau

Ziwani Team

De-Snaring Report for July, 2012

Monthly Summary

After returning from time off in June, the team returned to begin July's operations at the Community ranches near Ziwani. Despite some team members being at Manyani field training, the remaining members together with the K.W.S. were able to operate and lift more than 50 snares.

The team is currently working jointly with the Burra team thus enhancing efficient field operation both in Ziwani and Burra areas.

Community outreach projects:

During the course of the month the Team took four schools from Ziwani and Burra areas for a trip to Tsavo East National Park. As always, this opportunity was thoroughly enjoyed and the students came away from the experience with positive and more informed outlooks on Conservation.
