| School | Kwamnegwa Primary School | School Trip | Maktau |
| School | Mahandakini Primary School | School Trip | Maktau |
| School | Alan Msomba Secondary School | School Trip | Kishushe |

Monthly Summary

Ziwani Team

De-Snaring Report for March, 2011

Monthly Summary

This month the Ziwani team was on off duty for the 1st to the 14th of March. The majority of the snares lifted in March targeted big game such as buffalo, eland, giraffe and elephant. The Team found a long snare line sighted during and aerial patrol and destroyed it. This fence was a continuation of a fence seen last month by the team which the poachers repaired. A bird trap was also sighted during our operation at Taita wildlife sanctuary, it was removed and destroyed.

This month the team organised three (3) ecological trips to Tsavo West National park. The beneficiaries of these trips were Alan Mjomba Secondary school, Mahandakini Primary school and Kwamnenga Primary School. The schools enjoyed their game drives in the Park at which time they saw a variety of wildlife ranging from Dikdik and other small game to the big game like elephants. All schools thoroughly enjoyed themselves and were deeply grateful. It is our hope they will forever enjoy and appreciate their wildlife heritage.
