Monthly Summary

De-Snaring Report for May, 2011

Monthly Summary

This month has seen a slight reduction on the number of snares recovered due to the prevailing rains which has made community members busy in their farms. As a result fewer of them are engaging in poaching activities.

Four men were arrested inside the Park for illegal cattle grazing; they had about 250 head of cattle in the Park. One poacher was arrested, caught checking his snares at Taita Wildlife Sanctuary.

The team has started to recover the railway line from Voi to Taveta; this work has been put on hold while the Team waits for a letter from the Railway Co-ordinator to continue.
